

The Campaign to Build the Riverstone International School Endowment

Riverstone International School is taking the next steps to secure our future by embarking upon a two-year campaign entitled, "Navigating Forward." The need for this important campaign was identified as priority during strategic planning.

Our goal is that together we demonstrate our belief in Riverstone's mission and the education that our current, as well as future, students experience. By contributing to an endowment, we can ensure that Riverstone has the resources to continue educating students in a manner that is engaging, innovative, relevant, and meaningful long into the future.

The Riverstone International School Endowment will be comprised of three elements:

- The Fund for Excellence
- The Fund for Capital Improvement
- The Malone Family Foundation Fund

Envision how your support will transform and impact our students, staff, programs, and community.

THE FUND FOR EXCELLENCE

Your support of the Fund for Excellence will provide funding to ensure excellence and continual improvement of our students' educational experience.

1. Advance the vision and initiatives presented in strategic planning
2. Enhance faculty development and compensation
3. Strengthen the programs that the school offers
4. Improve access for more students to attend Riverstone International School

THE FUND FOR CAPITAL IMPROVEMENT

Your support of the Fund for Capital Improvement will enable the school to thoughtfully address facilities needs and improvements that are supported in strategic planning.

THE MALONE FAMILY FOUNDATION FUND

By establishing and funding the Riverstone Endowment, the school can secure the Malone Family Foundation grant of \$2 million. Contributions to the Malone Family Foundation Fund will not be solicited from the Riverstone community. Qualifying, promising students may apply for Malone Family Foundation Scholarships.

GIVING LEVELS

We gratefully appreciate the generous support of all our donors.

Navigator:	\$250,000+
Guide:	\$150,000 - \$249,999
